AI TOOLS

LLMS & ASSISTANTS

ChatGPT (OpenAI) | Google Gemini | Claude (Anthropic)

AI CODING TOOLS

GitHub Copilot | Cursor | Windsurf | Antigravity

AI SKILLS

- Prompt Engineering
- LLM API Integration (OpenAI, Gemini, Claude)
- AI Agents & Agentic Workflows
- Model Context Protocol (MCP)
- Deep Learning & Neural Networks
- TensorFlow, PyTorch, Keras

TECHNICAL SKILLS

LANGUAGES

Python | C++ | JavaScript

FRONTEND

ReactJS | NextJS | React Native | React Router | HTML | CSS | Tailwind CSS | Bootstrap

BACKEND

NodeJS | ExpressJS | Django | REST API | JSON | Firebase

AL AMIN MAHFUZ

Senior Lecturer in CSE | Full Stack Developer | AI Expert

PROFESSIONAL PROFILE

Highly motivated Computer Science & Engineering Senior Lecturer, full stack developer and AI expert with **7+ years of combined experience** in university teaching, software development, data analysis and project management. Builds modern web applications with **ReactJS, NextJS, NodeJS and Django**, and designs **AI-powered solutions** using large language models (ChatGPT, Gemini, Claude), prompt engineering, AI agents and deep learning with Python. Uses AI coding assistants such as GitHub Copilot, Cursor, Windsurf and Antigravity every day to build faster and with higher quality. A dedicated educator and team player who mentors students and delivers projects on time and within budget.

AI EXPERTISE

Prompt Engineering
Designs clear system instructions, structured prompts and few-shot examples to get accurate, consistent results from LLMs.

LLM API Integration
Integrates OpenAI, Google Gemini and Anthropic Claude APIs into NodeJS, Django and NextJS apps for chat, content and automation.

AI Agents & MCP
Builds agentic workflows where LLMs use tools, call APIs and complete multi-step tasks, connected via Model Context Protocol (MCP).

Deep Learning
Designs and trains neural networks in Python using TensorFlow, Keras and PyTorch; experience in neural engineering for AI.

AI-Assisted Software Development
Uses GitHub Copilot, Cursor, Windsurf and Antigravity to speed up coding, debugging, refactoring, testing and documentation across full stack projects.

PROFESSIONAL EXPERIENCE

Senior Lecturer — 2026 – Present

Rajshahi Science and Technology University (RSTU), Natore

- Deliver undergraduate CSE lectures and labs across programming, software engineering, web technologies and AI fundamentals.
- Supervise undergraduate thesis groups, software capstone projects and student research works.
- Design outcome-based course curricula and modern digital learning materials; serve on departmental and examination committees.

Lecturer — 2022 – 2026

Canadian University of Bangladesh

- Taught computer science courses including programming languages, web development and data analysis.
- Mentored students in their software engineering projects and academic research works.
- Led the development of online learning resources and course materials, and participated in departmental committees.

DATABASES

MySQL | PostgreSQL | MongoDB | SQL Server | Firebase | MS Access | Sybase

TOOLS & PLATFORMS

Windows | Linux | MS Office | Photoshop | Illustrator

OTHER KNOWLEDGE

- Linear Algebra & Calculus
- Statistics & Probability Theory
- Computer Networking
- 2D Graphics & Motion Graphics (basic)

PERSONAL DETAILS

FATHER'S NAME
Md Anizar Rahman

MOTHER'S NAME
Mst Mahmuda Iasmin

DATE OF BIRTH
25 May 1995

SEX
Male

NATIONALITY
Bangladeshi

PERMANENT ADDRESS
Borogram Chalapukur, Ward No. 07, 10 No. Komolpur Union, Dinajpur-5200

PRESENT ADDRESS
Nestor Living, 88/7, South Badda, Dhaka-1212

EXPERIENCE (CONTINUED)

Teaching Assistant (TA) — 2021 – 2022
Canadian University of Bangladesh

- Led small-group discussions, graded assignments and exams, and supported students in CSE programming labs.
- Assisted faculty research with programming and data analysis; revised syllabi and lab materials, and managed grade records and course websites.

Full Stack Developer — 2016 – 2019
KP Software Solutions

- Built responsive UIs with HTML, CSS, JavaScript and ReactJS, including reusable components, state management and client-side routing.
- Developed NodeJS and ExpressJS REST APIs with MongoDB schemas, user authentication and server-side data validation.
- Wrote automated tests for performance, security and scalability; deployed and maintained production servers and databases.
- Collaborated with developers, designers and stakeholders to ship user-friendly web applications, bug fixes and new features.

Team Associate (Social Media & Web Application) — 2022
International Collegiate Programming Contest (ICPC) 2022

- Event organized by the Bangladesh Computer Council (BCC) under the ICT Division; responsible for social media and web applications.

ACHIEVEMENTS & ACTIVITIES

- Conceptualized, designed and deployed web applications; built device-specific UI for mobile phones and tablets.
- Participated in programming contests.
- Problem solver on Stack Overflow and Stack Exchange (Information Security).

NOTABLE CLIENTS

BANGLADESH COMPUTER COUNCIL | BANGLADESH HI-TECH PARK AUTHORITY | SSL WIRELESS©

EDUCATION

B.Sc. in Computer Science & Engineering (CSE) — CGPA 3.55 / 4.00
Canadian University of Bangladesh — Graduated 2022

Higher Secondary Certificate (HSC) — GPA 3.70 / 5.00
Rajshahi Govt. Model School and College — Passed 2012

Secondary School Certificate (SSC) — GPA 3.81 / 5.00
Rajshahi Loknath High School — Passed 2010
